The Operating Theatre Trust - Covid-19 Vaccination Policy Dated 29 November 2021

Our community is predominantly made up of, and focussed on outcomes for, children and young people.

Currently, many of our community are aged under 12 and cannot be vaccinated.

The best way to ensure the safety and wellbeing of our community - our audiences, Youth Theatre programmes, and our staff - is to require people engaging with our organisation to be double vaccinated.

Our comprehensive risk analysis indicates that becoming a vaccination-only theatre company and Youth Theatre is the best way to protect the health and safety of our community, whilst giving us more abilities to operate our activities under the Covid-19 Protection Framework (traffic light system).

As a vaccination-only theatre company and Youth Theatre, in conjunction with vaccination-only venues, The Operating Theatre Company can operate (albeit with restricted numbers) in the Covid-19 protection framework level Red, with the following protection settings in place:

- Proof of double vaccination for all Youth Theatre students (aged 12+), audience members (aged 12+), staff, contractors, tutors, performers, designers, crew at all our venues.
- Compulsory record-keeping/QR Code scanning
- Masks/face-coverings encouraged for people over the age of 12 (with event industry guidelines for performers)
- 100 people maximum per different space (however, capacity is dictated by 1-metre distancing) (with event industry guidelines for performers)

Children under 12 will be exempt because they can't currently be vaccinated.

We will continue to follow the advice and regulations of the government, and will continue to review our policies as the Covid-19 situation evolves.
